AMR

EOBPRESS™ Service

Have you wished for something that could expedite the processing of **Explanation fo Benefits (EOB)** forms cost-effectively and accurately to improve the **Patient Billing** process?

AMR has your solution with **EOBPRESS™**. **EOBPRESS** is specifically tailored to handle the processing of **EOB's**. **EOBPRESS** automates the processing of **EOB's**, increasing speed and accuracy, eliminating manual data entry and saving clerical costs.

Benefits associated with **EOBPRESS**:

- Ensures accurate data capture
- Provides complete & balanced Remittance Advice transaction processing for your accounts receivable system.
- Reconciles EOB's to corresponding payments.
- Reduces clerical cost & improves cash flow.

AMR's **EOBPRESS** service provides an instant solution for your **EOB** processing needs. Review all of our services at www.advancedmedrec.com.

AMR

EOBPRESS™ Flowchart

EOB's are scanned by AMR with optional OCR capture of pertinent billing data for entry into the billing system.

Related documents

EOB's and related ROI documents, Patient billing and Patient file documents are safely housed at www.amrvault.com with HIPAA compliant, convenient access.

AMR

EOBPRESS™ Process

EOB's can be scanned onsite or forwarded directly to **AMR** for scanning and data extraction.

EOBPRESS will capture **EOB's** in black & white or color to render full original content and fidelity.

EOB's can be linked to associated **ROI's, Patient Bills** and **Patient Files** to provide for a "single point of access" to retrieve and view all documents involved in the billing and payment resolution process.

EOBPRESS can be linked to any Patient management software package running in a Microsoft Windows operation system enviroment to provide "single click" access to **EOB's** and all other related documents.

Nothing is more appealing than reduced labor cost and accelcrated collection of monies owed.

Let **EOBPRESS** be your agent of change to increased profits.
